EXPERIENCE

Frontend Engineer   Typescript/React/NextJS
Wella
August 2022 - current, Lisbon
Currenlty, I am developing components for Wella design-system and
prototypes for marketing projects

Frontend Engineer   Typescript/React/Redux toolkit
Carlsberg Digital
Jun 2021 - April 2022
Developed e-commerce b2b app that has been deployed in Russia,
Lithuania, Laos, Malaysia. Rapid scaling was the main challenge given the
amount of legacy MVP code. I helped foster a testing culture in the team
and adopt modern frontend concepts.

Frontend Engineer   Typescript/React/Ruby
Seedrs.com
Nov 2020 - April 2021, remote
Launched new checkout on the main platform and several features for
secondary shares market. Day-to-day work was full of legacy code
refactors, writing tests, dealing with frontend ops/security issues. I also run
design sprint workshop among developers.

Frontend developer   Typescript/React
We are Singular
Feb 2020 - Jul 2020 - 6 months, Lisbon
A leading developer in the project about loan automation and tax-return
analysis. Helped built a CRM and an onboarding app for an American bank.

Founder and CTO   React/GraphQL/AWS Amplify
VoxPop
Jun 2019 - Feb 2020 - 1 year, Lisbon
Architected and implemented transcription service. Developed a web app
that empowers media professionals with modern speech recognition tools.

Full-stack developer   NextJS/Redux/Prismic.io
Russian Quantum Center
Jul 2018 - Jun 2019 - 1 year, Moscow - Lisbon
Architected, developed and launched a corporate website powered by
headless CMS.
